**End of Component Support Announcement**

**September 10, 2021**

## End of Component Support

Last Updated: September 7, 2021

### Overview

As of September 10<sup>th</sup>, 2021, Genesys announces the End of Component support for the **UC Connector** for Genesys MultiCloud™ (formerly known as Genesys Engage™ ) on-premises platform listed below:

Genesys Product	Platform	Release	End of Support
UC Connector	Genesys MultiCloud™ (Genesys Engage™)	v8.0	August 31, 2023

### End of Component Support Dates

End of Component Announcement Date	September 10, 2021
Last Order Date	February 28, 2022
End of Maintainance	February 28, 2023
End of Component Support	August 31, 2023

## Details

As technology and markets change, Genesys evolves its products by providing new releases of the solution. With Microsoft's retirement (End of Support) on [Lync](#) in April 2021 and Windows Server [2008](#) & [2012](#), **UC Connector** has become technically obsolete. Combining with the component in maintenance mode since 2017, Genesys has also decided to retire the **UC Connector** on **August 31, 2023**. This means that if an issue arises after this date with any existing Genesys software version that relates to **UC Connector**, Genesys will recommend that the customer migrates to a supported communication application such as **Microsoft Team** or **Skype for Business on-premises** deployment.

After **August 31, 2023**, all Genesys Maintenance and Support obligations on **UC Connector** will be ceased.

For further details regarding **UC Connector** component, please refer to the links below:

## Major Versions

The versions are affected by this EOL Announcement

- v 8.0

## Migration & Entitlement

No entitlement replacement is offered due to product retirement.

Genesys strongly recommends that customers migrate to a supported communication application such as **Microsoft Team** or **Skype for Business on-premises** deployment to maintain certain functionality.
