Details

This is a notice to all customers and partners that Genesys will stop supporting the **Red Hat Enterprise Linux 5.x** operating system for all Genesys products, effective **June 30, 2018**. This means that if an issue arises after this date with any existing Genesys software version that relates to Red Hat Enterprise Linux 5.x, Genesys will recommend that the customer migrate to a supported version of Red Hat Enterprise Linux.

In addition, any Genesys software version released from G-NINE forward will not be tested or supported on Red Hat Enterprise Linux 5.x.

Please note that Genesys does not sell or provide maintenance for these products. Genesys support only refers to interoperability between these third-party products and Genesys products.

For further information on 3rd-party platforms supported by Genesys products,

see the [Genesys Supported Operating Environment](#) reference manual.

Frequently Asked Questions

Why is end of support being announced for this version now?

- Answer: Red Hat Enterprise Linux 5 has entered the “End of Production Phase” of its life cycle in March 2017. This means that Red Hat software enhancements may not be guaranteed for any bug or security fixes. Genesys is ending support for older vendor versions in releases starting Genesys G·NINE

This announcement provides advance notice so customers have sufficient

time to plan ahead for typically long enterprise upgrade cycles.
