# iWD GAX Plug-In 9.0.x Release Note

This Release Note applies to all 9.0.x releases of iWD GAX Plug-In. Links in the [Available Releases](#) section enable you to access information regarding a specific release.

## Available Releases

### [+] Note about release order

Releases are listed by version number rather than in date order. For this reason, a recent release may be listed after earlier releases, if the version number is lower. Except when otherwise noted in the information for a specific release, each release includes all of the features and corrections that were introduced for the applicable operating system at earlier dates, regardless of the version numbering.

Release 9.0.0:

Release	Release Date	Release Type	Restrictions	AIX	Linux	Solaris	Windows
<a href="#">9.0.002.20</a>	12/22/17	General	Under Shipping Control		X		X

The operating systems available for use with each component release are listed in the table at a high level only. For more detailed information about the supported operating environments, including requirements, supported versions, and any conditions or limitations, see the [IWD](#) page in the [Genesys Supported Operating Environment Reference Guide](#).

For information about 8.5.x releases of iWD GAX Plug-In, see the 8.5 Release Note (Cumulative).

## Discontinued Support

### [+] Note about discontinued items

This section documents features that are no longer supported in this software. This cumulative list is in release-number order with the most recently discontinued features at the top of the list. For more information on discontinued support for operating environments and databases, see [Discontinued Support](#) in the [Supported Operating Environment Reference Guide](#).

- 
- Discontinued support from release 9.0.002.20:
    - Java 1.7
    - Java 1.6
    - Red Hat Enterprise Linux 5
    - Microsoft IE 8, 9 and 10
    - Windows Server 2008
-

## Known Issues

You can find a cumulative list of the Known Issues and Recommendations for all 9.0.x releases of iWD GAX Plug-In, including the issues that are specific to Localized (International) releases, at the following links:

# Known Issues and Recommendations

## iWD GAX Plug-In

The Known Issues and Recommendations section is a cumulative list for all 9.0.x releases of iWD GAX Plug-In. This section provides the latest information on known issues and recommendations associated with this product. It includes information on when individual items were found and, if applicable, corrected. The Resolved Issues section for each release describes the corrections and may list additional issues that were corrected without first being documented as Known Issues.

See also [Internationalization Issues](#).

---

There are no known issues or recommendations for this product.

---

## Internationalization Issues

Information in this section is included for international customers. Release numbers in the **Found In** and **Fixed In** fields refer to the English (US) release of iWD GAX Plug-In unless otherwise noted in the issue description.

---

Localization is not available for this component.
