# Genesys Cloud - Premier Edition OEM Release Note

## Introduction

This release note applies to the OEM companies who offer a customized version of Premier Edition to their own customers.

- The New in This Release section lists the new features.
- The Corrections and Modifications section for each release lists corrections to issues and limitations that were previously documented as Known Issues.
- The Known Issues and Recommendations section is a cumulative list. It includes information on when individual items were found and, if applicable, corrected.

**Note:** The numbers in parentheses are internal references.

## New in This Release

DRAFT

This release contains the following new features and functionality.

---

### CSR Tool

When you configure an account in the CSR Tool, once you enable ACD, you can now enable and configure eServices Chat and/or eServices Email. (PEP-764, AACD-2673)

---

On the **Change Account Status** screen in the CSR Tool, the **Restore** option has been removed. (PEP-1179)

---

## Corrections

---

This release includes the following corrections and modifications:

---

On the **Change Account Status** screen in the CSR Tool, you can now successfully **Unsubscribe** an account. Previously, this action generated an error message. (PEP-1172)

---

## Known Limitations

This section provides the latest information on known issues and limitations.

---

If you create a subscriber account in the CSR Tool using the **Add Enterprise Account** dialog box, wait 10 minutes before enabling the **ACD** check box in the **Configure Account** section and setting the CX Builder features for your account. (AACD-3855)

---

The **ACD Page** cannot be customized for OEM implementations. (PR-13839)
